Attention All Wildlife Specialists:

RE: IMPORTANT UPDATES about Wildlife Permits & Compulsory Inspection/Reporting

The BCCA Livestock Protection Program would like to share the following important information with program Wildlife Specialists:

1) **Program Designate**

As a LPP Wildlife Specialist, you are considered to be “designate of the program” and therefore are authorized to conduct mitigation activities on behalf of BCCA Program Delivery Inc. and the Province as authorized under Permit # FJ22-672473 (Peace) and Permit # VI21-672203. Please note, that **Wildlife Specialists are required to keep a copy of this authorization letter with you while conducting work for the Livestock Protection Program.**

2) **Wildlife Permit – Regions 1, 2, 3, 4, 5, 6, 7a, & 8**

Enclosed is a revised copy of the Wildlife Permit # VI21-672203 for the Livestock Protection Program. Please note, that **Wildlife Specialists are required to keep a copy of Permit # VI21-672203 with you while conducting work for the Livestock Protection Program.**

3) **Wildlife Permit – Region 7b (Peace)**

A permit has been approved for mitigation in the Peace region. A copy is enclosed. Please note that **all Wildlife Specialists working in region 7b must keep a copy of Permit # FJ22-672473 with them while conducting work for the Livestock Protection Program.** We ask that you also familiarize yourself with Appendices A, B and C of the provincial permit (VI21-672203) as all delegates of the LPP program are required to operate under those conditions as well.

...2/

4) Compulsory Reporting Wolves – Region 1 & 2

All Wildlife Specialists working in Region 1 (Vancouver Island) and Region 2 (Lower Mainland) are required to comply with the provincial compulsory reporting requirements. Enclosed is a copy of the compulsory reporting requirements on Page 17 of the Hunting & Trapping Regulation Synopsis.

Thank you for your service to the Livestock Protection Program.

Yours truly,

Kevin Boon,
BCCA Program Delivery Inc. Manager

Cam Hill,
LPP Program Coordinator
